EXPERIENCE

VMware — Product Designer 3

JUNE 2020 - PRESENT (3+ YEARS)

- Maintained a minimal churn rate and a 25% Y/Y growth in Q1 FY24 by leading **three cross-product initiatives** and **six feature upgrades**, including usability testing, accessibility reviews, and localization on VMware Cloud Director.
- Prioritized customer problems and developed multi-quarter design roadmap alongside leadership across product, design, and engineering.
- **Reduced design hours** for ~250 designers across the VMware portfolio by a product and feature onboarding Figma library for the Clarity Design system.
- **Collaborated and negotiated design outcomes** between engineering, product, and account managers to conceptualize product and business strategies using research workshops, wireframes, and high-fidelity mockups.
- **Improved** the information architecture, VM creation, and modern applications offerings by **leading 2 workshops** with **15 cloud providers**.

Roche — UX/UI Designer

MAY 2019 - DECEMBER 2019 (8 MONTHS)

- Owned and led the re-design of Accu-Chek.com's B2C and B2B eCommerce landscape which led to a **40% increase** in sales.
- Conducted **design workshops** with marketing, product, and field sales. Used the insights to create an experience **validated by users**.

Indiana University — Graduate Research Assistant

AUGUST 2018 - MAY 2020 (2 YEARS)

- **Led a Google-funded** user experience research and design lab of **four** under Dr. Davide Bolchini (Chair, HCI department) for an **accessibility project** which will change the way **blind** and visually impaired people **use smartphones**. Published the outcomes in a paper at ASSETS 2019.

Pramati Technologies — Interaction Designer

FEBRUARY 2017 - JULY 2018 (1 YEAR 6 MONTHS)

- Brainstormed and collaborated within multi-disciplinary teams to ideate on design challenges as well as support the evaluation of the feasibility of proposed solutions for a product level redesign.
- Designed use cases, personas, scenarios, and storyboards to define user tasks, interaction flows, and detailed user interface specifications.

Infosys — Associate Business Analyst, UX/UI Design

AUGUST 2014 - JANUARY 2017 (2 YEAR 6 MONTHS)

EDUCATION

MS, Human-Computer Interaction

AUGUST 2018 - MAY 2020

Indiana University, Indianapolis, IN

B.Tech, Information Technology

AUGUST 2010 - JULY 2014

WBUT, Kolkata, India

TOOLS

Design: **Figma**, Sketch, Adobe XD

Brainstorming: Miro, FigJam

Research: UserZoom, UserTesting

SKILLS

Design: Participatory design, design workshops, prototyping, wireframing, **end to end user stories**

Research: User interviews, surveys, competitive analysis, card sorting, User personas, journey mapping, usability testing, service blueprint.

Technical: HTML, CSS, JS, Android Studio, C, C++, Java, Python.

PUBLICATION

Typing Slowly but Screen-Free: Exploring Navigation over Entirely Auditory Keyboards. (ASSETS 2019)
