EXPERIENCE

Indiana University — Graduate Research Assistant

AUGUST 2018 - PRESENT

Working as a **user experience researcher** and designer under Dr. Davide Bolchini (Chair, HCI department) for an accessibility project which will change the way blind and visually impaired use smartphones.

Pramati Technologies — Interaction Designer

FEBRUARY 2017 - JULY 2018

Brainstormed and collaborated within multi-disciplinary teams to ideate on design challenges as well as support the evaluation of the feasibility of proposed solutions. Developed use cases, personas, scenarios and storyboards to define user task and interaction flows. Created screen-level interaction designs and detailed user interface specifications.

Infosys — Associate Business Analyst, UX/UI Design

AUGUST 2014 - JANUARY 2017

Worked at the **Bengaluru Digital Design Studio** as a **Digital Process Domain Consultant**.

Leveraged user-centred design methodologies to create wireframes and prototypes as well as visual designs ensuring an engaging user experience. I supported pre-sales activities in the acquisition and retention of clients. Contributed at Infosys Labs to design and develop Android applications for client dashboards and workflows.
